

An introduction to making your own cosmetics

£40.00

Ever wondered what's in the products we use on our skin? Do you worry about chemicals and their effects on your skin? The make-up industry is a multi-billion pound business. Why? Because we all love a bit of make-up! This course is designed to give you a taster of some of the basic key ingredients and pigments needed to make your own make-up bag essentials.

It will also give you an understanding about retail costs and marketing.

The workshop offers the following:

- Introduction to colour pigments
- Key ingredients
- Storage
- Basic application techniques
- Retail costing and marketing
- Practical session to make 2 popular cosmetic products

Course duration: 2hrs over a 4 week period

Kit required: An additional £3 fee is required to be paid direct to the course tutor prior to the session commencing to go towards ingredients for products. It is recommended that you bring two storage containers that are sealable, tissues, measuring spoons and 2 small bowls to mix ingredients in.

Progression: Accredited facial course, accredited make up course.
